

Cookies Policy

What Is A Cookie?

A cookie is a small text file that is placed on your computer when you visit many websites. It allows the website to recognise that user's device and store some information about the user's preferences or past actions. They are widely used to improve your user experience by enabling that website to perform more efficiently such as letting you navigate between pages effectively, saving your preferences and remembering your login details for the next time you visit the site, as these are often forgotten.

What Do We Use Cookies For?

We use session or persistent cookies to:

- (1) remember you when you visit our website and let you login more easily by using your stored login details if you have agreed by ticking to use this facility.
- (2) create personalised journeys through the website to make it more relevant to you.
- (3) make our website work efficiently.
- (4) calculate sales made via different channels, such as search engines, Google Adwords etc.

Can You Turn Off Cookies & What Effect Does It Have?

Most modern browsers allow some control of most cookies through the browser setting or Help menu. Switching off cookies is very likely to restrict your use of the website and is likely to affect the way in which it operates.

To find out more about our use of Cookies please contact The Company Secretary on development@gwsr.com or for more general information visit an external website such as www.allaboutcookies.org

Third Party Cookies

We use third party cookies from:

- (1) Google to track visitors to this website for our own management and reporting purposes and to display location information.
- (2) Facebook applications integrated into the site, such as Like buttons.
- (3) Twitter for displaying Tweets

We do not use cookies from third party advertisers on this site.
